Law Firm Stays Focused on Clients with Hosted IT Solution

Glaros and Associates was ready to upgrade its IT systems to meet the needs of a growing client base. With limited physical space to accommodate expansion, it was looking for a creative solution to get more IT power. Data Balance migrated the law firm to a cloud computing environment that delivered flexible and worry-free technology that could grow with the company.

Data Balance Solutions

- Migrated business software, documents and data to an offsite server;
- Installed Pro Balance Hosted to support cloud computing;
- Created a user-friendly desktop workspace for each user, allowing easy access to all hosted applications;
- Installed three levels of anti-virus protection;
- Implemented spam controls to filter out unwanted e-mails; and
- Supplied data center backup and a disaster recovery program.

Benefits Delivered

Data Balance's solutions provided Glaros & Associates with the following benefits:

- Rapid and seamless migration to new tools
- Ability to stay focused on clients and business growth, rather than IT concerns
- Increased efficiency through centralized access to programs, calendar and documents
- Secure and recoverable company data and systems
- Easy access to documents and software from any internet connection
- Ability to easily accommodate new workers as the firm grows
- Access to responsive and professional IT support
- Resolution of connectivity and performance issues

Why Choose Data Balance?

"The professionals at Data Balance really took the time to understand our business and its unique IT needs. They created a personalized service plan that helped streamline our business processes and prepare us for the future. We really appreciate the time they dedicated to helping our company move forward." – *Glaros & Associates, Tampa, FL*
